Bathroom Inspirations

Experience beautiful moments with water

The new meaning of home

Over the past year, many of us have come to realise the importance of home providing a place of relaxation and retreat. As a company, we know we are providing something truly fundamental to our customers: a home filled with beauty and quality, a place of escape from the outside world.

Whatever happens, we are – and always will – be by your side.

Innovations to make you feel good

This year, we're introducing a range of exciting new products that deliver on our guiding principles: **innovation, design, quality** and **responsibility**. We are able to offer solutions to your every need, by developing cutting-edge products that suit your lifestyle.

Meet Pulsify, the shower that offers a completely new experience in any sized bathroom thanks to the innovative PowderRain spray. Or Finoris, the tap that gives a new freedom of movement in the bathroom. Innovation continues with the multi-sensory shower experience RainTunes*, the fun Jocolino children's shower, the flexible WallStoris storage system and the RainDrain shower channels.

Designed with you in mind

hansgrohe is a brand for life. Whether you are looking for a moment of calm or refreshment, every product we make is designed to make your life easier. Our products are not one-off ideas but comprehensive solutions, designed to become integral to your everyday life.

It's this that defines our brand: our focus on you.

* RainTunes is not available worldwide

Our principles – your enjoyment

Driven by innovation

At hansgrohe, your needs come first. As a leading company in our industry, we are constantly striving to answer the demands of everyday life with new technical developments in the bathroom and kitchen.

We believe every part of a product is important. From the look, functionality and material of a shower, to the sound it makes as water flows. In our in-house spray laboratory, acoustic experts tirelessly research the perfect water sound.

This attention to detail is reflected in over 15,000 active patents. The result for you is simply more comfort and relaxation in your bathroom.

Design – developing excellence

Elegant functionality appeals to both the heart and mind, and it's something you can rely on with hansgrohe. Our products are consistently award-winning, outlasting fads and instead providing long-lasting value, whether they are found in your home or a world famous hotel.

With over 30 years of collaboration with Phoenix Design, hansgrohe is a design leader within the industry, with more than 600 awards collected for our achievements.

Quality – the highest standards for the longest product life

Install a hansgrohe product, and you know you'll be able to enjoy it for years to come. Offering customers the highest quality at all times is a fundamental part of our philosophy. We have been manufacturing bathroom and kitchen products for over 120 years, and we are proud of our intensive quality control processes, practiced around the world.

We offer a voluntary 5 year guarantee, as well as a guaranteed 15 year parts availability after product discontinuation

* This guarantee applies to all hansgrohe products, with the exception of the products listed under II b on [hansgrohe.com/guarantee](https://www.hansgrohe.com/guarantee).

Taking responsibility – acting sustainably

We focus on three areas of accountability: responsible management, social action and ecological awareness. We believe this is the only way to be successful, both now and in the future.

This is something we put into practice worldwide, and have been doing so for many years. This includes ensuring we have an environmentally conscious production process, and mindfully employ people and other resources.

At Hansgrohe, we are in the process of taking giant steps forward to help minimise climate change. By 2030, our aim is to make the entire company, including our products, climate neutral. To implement this, we carefully choose our raw materials, packaging and logistics based on their climate impact.

Celebrate your individuality with a FinishPlus surface

We all start and end our day in the bathroom, and we all love to express our individuality. Make a statement with a FinishPlus surface, and enjoy a more colourful life with a coloured bathroom surface.

Today's bathroom increasingly reflects our own personal style. FinishPlus has been developed to provide five new surface designs in matt and metallic tones, expanding your style options far beyond classic chrome. The high-quality surfaces offer a wide range of design options, giving you brand new ways of expressing yourself.

PVD coating

A PVD coat is vapour-deposited molecule by molecule in a vacuum coating process, which creates a robust and brilliantly coloured surface

Longevity tested for years of surface durability

50 years of protection against wear and tear, with the hansgrohe Premium PVD coating*

Paint coating

A specialist paint is applied in several steps, to create a durable and intense surface colour

Longevity tested for years of surface durability

25 years of protection against wear and tear, with the hansgrohe special paint finish**

*The results of the external abrasion test in January 2021 showed a PVD coating service life of 55 years, with daily cleaning according to hansgrohe cleaning recommendations.

** The results of the external abrasion test in January 2021 showed a lacquered coating service life 27 years, with daily cleaning according to hansgrohe cleaning recommendations.

Rainfinity

The ultimate shower sensation

Multiple awards

A wonderfully gentle pampering experience

The bathroom is the perfect place to indulge, where you can forget the hustle and bustle of everyday life. Your shower can provide that ideal retreat.

With Rainfinity, the PowderRain water spray not only covers your head and shoulders, it gently envelops your whole body with thousands of micro-droplets. The spray surface is slightly curved inwards, providing the ultimate in comfort and creating a truly relaxing shower experience.

Using the Select button on the hand shower, you can switch between the three spray types – PowderRain, Intense PowderRain and Mono – with the push of a button. The overhead shower also boasts three sprays – PowderRain, IntensePowderRain and RainStream, each pampering you in their own way. Combined with a flat hansgrohe concealed thermostat such as ShowerSelect or RainSelect, each can be selected at the touch of a button. The Rainfinity shower system delivers visual style and unlimited relaxation.

PowderRain: Six ultra-fine pinholes shape each individual water jet, dividing it into delicate micro-droplets and creating a velvety soft feeling on your skin.

Extra comfort at shoulder height

A new shoulder shower with an integrated shelf for a new, convenient shower experience. It can refresh you in the morning or relax you before going to bed, while also keeping your hair dry. The shelf also provides space for you to put your shower accessories.

Adjust it to your needs

Rainfinity can be adjusted to an incline between 10° and 30° thanks to the innovative wall connection, providing a shower position that keeps your hair and face dry if desired. Due to the angled positioning being achieved without a conventional shower arm, the Rainfinity overhead shower makes a real style statement in the modern bathroom.

For design lovers

The Rainfinity design is visually refined. With modern surface colours and the subtly structured spray disc, the large overhead and hand showers make a real statement. The matt white of the shower contrasts elegantly with the graphite-coloured spray disc.

At a glance:

- The innovative, slightly curved aluminium spray surface provides a soothing showering experience
- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style
- A unique shower experience with gently enveloping micro-droplets, thanks to PowderRain
- With the innovative Select control, one click is all it takes to change the spray type or control a different shower
- Several spray types for an individual shower experience
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- Products with EcoSmart mean you use up to 60% less water
- Extensive range with both surface-mounted and flush-mounted versions

Multiple awards

A unique shower experience for every bathroom size

The right shower can ensure you start the day fresh in the morning and relaxed in the evening. Pulsify S delivers these moments - no matter what size of bathroom you have. You can experience an entirely new level of relaxation even in the smallest of spaces. Enjoy maximum freedom of movement, in a thoughtfully-designed space.

The compact Pulsify S system can be integrated into any bathroom, and you can choose from a variety of designs and surfaces to suit your style. With timeless aesthetics, the highest quality and intelligently integrated shelves, Pulsify S will be a long-lasting source of pleasure - and it sets standards in terms of sustainability too. By choosing a product variant with EcoSmart technology, you will use up to 60% less water than with standard products.

Intelligently
integrated
shelves perfect
your space

Combine Pulsify S with WallStoris, the innovative and flexible storage system

PowderRain – a unrivalled relaxation experience, thanks to the finest micro-droplets of water.

Feel good. With Pulsify S and PowderRain you'll experience wellbeing on another level, relaxing both your body and mind. PowderRain transforms water into a gentle blanket of countless micro-droplets, leaving you feeling revitalised.

Thanks to our innovative Select technology, you can switch between spray types with the push of a button.

Customisation options makes this system as versatile as you

With Pulsify, your bathroom becomes a space you can fully unwind. Choose from three surface finishes of chrome, matt black or matt white, and design a look to suit your style. For products such as shower pipes, there are also options for surface or flush mounted installations.

Shower with a clean conscience – with EcoSmart technology

Choose our EcoSmart technology and save water and energy – without sacrificing your showering pleasure. EcoSmart reduces the flow, significantly contributing towards water conservation and making Pulsify S a worthwhile investment. With the integrated temperature and volume control, enjoy our most valuable resource in a responsible way.

At a glance:

- Modern design suitable for every bathroom size
- A unique shower experience with gently enveloping micro-droplets, thanks to PowderRain

Croma

The all-rounder for
the modern family bathroom

Multiple awards

At a glance:

- Modern design and essential safety features – ideally suited to young families
- Several spray types for an individual shower experience
- With the innovative Select control, one click is all it takes to change the spray type or control a different shower
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- Products with EcoSmart mean you use up to 60% less water
- CoolContact prevents the thermostat from heating up, for an even safer shower
- Extensive range with both surface-mounted and flush-mounted versions

Showering enjoyment for all ages

Are you looking for an attractive shower, with the ability to switch sprays at the push of a button? Or a shower system that you can use to upgrade your bathroom at a later date? The Croma shower range delivers all this and more. Choose from a wide variety of products for showers and baths, all boasting modern design and delivering on both price and performance – making the range ideal for young families.

CoolContact protects children's hands

Thanks to hansgrohe safety technology, the cold water that flows from the pipe into the thermostat is directed to the surface. This means that the outside of the casing always remains comfortably cool to touch. And there's an additional safety feature: The SafetyStop on the handle of the thermostat prevents hot water from being accidentally being turned on.

Crometta

Real design for an economic price

At a glance:

- High quality, stylish aesthetics delivering on both price and performance
- The shower system is particularly tenant-friendly thanks to its simple installation on existing connections
- Several spray types for an individual shower experience
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- Products with EcoSmart mean you use up to 60% less water

High quality at an excellent price

With Crometta you can experience the joy of a great shower every singly day. Thanks to the uncomplicated upgrade, you can easily join the world of hansgrohe. The modern EcoSmart technology offers economical water consumption and, in conjunction with the easy-care chrome surface, provides long-lasting quality in your bathroom.

A swift and simple upgrade

By replacing your old hand shower with a Crometta Vario, you can quickly and easily upgrade your daily shower. Choose between Rain and IntenseRain spray types and be enveloped in either a soft or intense spray. The shower system can be easily installed on existing connections.

Jocolino

Turn your bathroom into the cleanest playground in the world

At a glance:

- Three different animal designs: a lion, zebra and crocodile
- Featuring moving eyes, for even more bathtime fun
- Ergonomic handle, suitable for small hands
- Several spray types for an individual shower experience
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- With the optional quick coupling, you can easily switch between two hand showers

3 fun animal designs

2 child-friendly spray types

1 happy family

The daily bathtime routine isn't always fun – for children or their parents – and it can be all too easy for the tears to flow, rather than water. We've tackled that common scenario, transforming that tricky bathtime into a moment of pure joy for all the family.

The new Jocolino hand shower is designed in the shape of an animal, to delight and inspire your little one's imagination. You (or they!) can choose from a lion, crocodile or zebra – get ready to swap the tears for a fun and animal-packed bathtime routine.

DogShower

Developed by hansgrohe –
loved by dogs

At a glance:

- Specifically designed to streamline the washing process for dogs and their owners
- The hansgrohe DogShower can help reduce your dog's stress in the shower and prevent skin irritation
- Ergonomic design
- Various spray types for a tailored experience
- You can increase the amount of water in a targeted way when needed
- With the optional quick coupling, you can easily switch between two hand showers

Excellent

Less stress, less chaos

From their choice of food to the place they sleep – we only want the very best for our furry friends. Why should it be any different with showers? The DogShower from hansgrohe is an innovative, fur-friendly solution for you and your wet-nosed friend.

Meet the stress- and chaos-free way to wash your dog. The unique, brush-like nozzles make cleaning even thick fur more thorough and more pleasant for your four-legged friend. The three specially developed low-noise jet types are perfect for fur, legs, paws and other hard-to-reach or sensitive areas. It's no wonder that dogs are rediscovering their love for bathing. After all, happiness starts with a wet nose and ends with four happy paws.

Leg Spray: For legs and sensitive areas.

Paw Spray: A soft spray, ideal for gently cleaning paws.

Fur Spray: Full shower spray for rinsing off dirt and shampoo.

RainDrain

A designer drain solution

Visual perfection for your shower

A holistic design language enhances the space and your well-being. That's one reason why striking shower channels are becoming increasingly popular.

RainDrain is the perfect accent to any shower, whether it's finished in natural stone, matt stainless steel or individually tiled. And not only does it look great, it provides long-lasting functionality as well.

RainDrain suits every shower style. We are particularly proud of the simple and straightforward installation, which doesn't depend on the shower's installation method. There's a set for all shower channels - just choose from three different channels and the point of drainage, then trust in a well-fitted drain for many years to come.

At a glance:

- Provides ultimate freedom of movement in your bathroom
- A space-saving design and variety of product dimensions means seamless integration into almost every bathroom. Can be used in all common installation scenarios.
- Water damage is avoided thanks to the watertight set up and pre-installed seal.
- Optional Dryphon technology, for minimal cleaning
- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style

Finoris

Everyday routines, redefined

Multiple awards

reddot winner 2021

At a glance:

- Slim, geometric design for a modern bathroom look
- Pull-out function provides great flexibility
- Choose between two different spray types at the touch of a button
- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style
- ComfortZone technology provides plenty of space between the sink and the tap for fewer water splashes
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- Thanks to the environmentally friendly EcoSmart technology, you save water and energy

A tap that's as flexible as you

No other room in the house needs to deliver on as many different levels as the bathroom. It's sometimes a place of morning chaos, at others a place of retreat. And the more people in the household, the greater the number of requirements.

Finoris meets everyone's needs thanks to its minimalist design and maximum flexibility. And there's one hidden, groundbreaking innovation that means it can be used for many different things, from washing your hair, bathing a baby or even hand-washing your favourite sweater.

The pull-out tap, which is subtly integrated into the slim design, gently glides back into its original position after each use, ready for the next time you need it.

You can tailor the amount of water, the water temperature, the spray type and the flexible spout position. And with three finishes to choose from, Finoris blends perfectly into any bathroom.

Vivenis

Water that enchants

Multiple awards

At a glance:

- The elegant shape of the tap perfectly complements the wide waterfall flow
- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style
- ComfortZone technology provides plenty of space between the sink and the tap for fewer water splashes
- AirPower generously mixes air into the water for a soft, splash-free water jet and full shower drops
- Thanks to the environmentally friendly EcoSmart technology, you save water and energy

A velvety soft waterfall, right in your bathroom

Seeing a waterfall is an experience like no other, and our first instinct is always to hold out our hand to touch the tumbling water.

What if you could bring a little of that wonder into your own home, making even washing your hands a small moment of tranquility?

Vivenis creates this moment. It's so much more than just a tap. With its elegant design, it becomes a design feature in any bathroom. But the real magic doesn't start until the water flows. Our innovative AirPower technology enriches the water with air and transforms the flow into a velvety soft waterfall on your skin.

Vivenis with EcoSmart not only delivers moments of tranquility throughout your day, it also reduces water consumption.

Here form and function meet

At a glance:

- Slim and graceful design
- With the innovative Select control you can easily regulate the water flow and switch between spray types
- ComfortZone technology provides plenty of space between the sink and the tap for fewer water splashes
- AirPower generously mixes air into the water for a soft, splash-free water jet and full shower drops
- Thanks to the QuickClean technology, you can remove limescale deposits on the individual flexible silicone spray nozzles with your fingers
- Thanks to the environmentally friendly EcoSmart technology, you save water and energy

sBox

Well thought-out technology
for greater ease of use

Multiple awards

At a glance:

- A more attractive appearance for the bath, thanks to the shower hose being hidden
- Round or square design to match your bathroom
- More comfort thanks to the generous hose length (145cm)
- More freedom of movement in the bath
- Individual placement on the edge of the bath
- The hose slides in and out easily
- Minimal effort when pulling out the hose
- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style

Keeping everything neat and tidy on the bath

For many people, the bath is an oasis of relaxation in which they retreat and refuel. The more aesthetically harmonious the environment, the greater the relaxation. The hansgrohe sBox bath ensures that your time-out is completely undisturbed.

A shower hose that disappears invisibly into the edge of the bathtub when you don't need it is the perfect marriage of convenience and design. For showering and bathing, just pull it out quickly and easily (up to a lengthy 145 cm), then allow it to roll up ready for when it's next needed.

With the help of the hansgrohe sBox, the hose routing on the tub works smoothly, never twisting and only leaving the metal rosette of the sBox bathtub visible from the outside. Depending on your existing bathroom fittings, you can choose from two attractive rosette designs: rectangular or oval.

XtraStoris

Dream storage for your
dream bathroom

Design that makes itself useful

Designing the perfect bathroom takes time and attention to detail. And after it's completed, it's important to maintain that perfect aesthetic through regular cleaning and maintenance. But where to store those essential cleaning products without ruining the overall look?

In order to avoid the practical everyday essentials spoiling the look of your bathroom, we developed XtraStoris. Finally, a built-in wall storage solution that looks as good as your bathroom – and gives you more space to move around. Suddenly, the storage space problem becomes an attractive solution. Choosing between the different colours and dimensions, you'll find the ideal addition to your existing shower.

At a glance:

- Space-saving storage solution available in numerous finishes and dimensions to match the hansgrohe range
- Tailor it to the smallest detail, to fit your own storage needs
- Water damage is avoided thanks to the watertight set up and pre-installed seal
- Variable shelf depth to suit you

AddStoris

Complete your bathroom

Multiple awards

At a glance:

- With the help of the coloured FinishPlus surfaces, you can design your bathroom in your own style
- More functionality and storage space in your bathroom
- Minimalist design that fits perfectly into any modern bathroom
- A design language that blends seamlessly with other fittings from the hansgrohe range

The latest stylish addition to your hansgrohe bathroom. Available in six different finishes

It's a common problem: everything in your bathroom has a home, neatly stowed away – except those things you use daily, such as your toothbrush or toothpaste.

So how do you keep these things handy, without disturbing the overall look of your bathroom retreat?

Our answer? AddStoris. It keeps those items you use frequently within reach while ensuring they stay discreet. With its angular minimalist design, this line of accessories blends perfectly with the other hansgrohe fittings in your bathroom.

WallStoris

The wall
becomes yours

At a glance:

- A flexible, modern storage system with almost infinite combinations
- Perfect for wet environments: thanks to the integrated drain no water collects in the containers or racks
- High-quality bars in two lengths (50cm and 70cm) and two surfaces (matte black and matte white)
- Choose from numerous different racks, hooks, baskets, shelves or plant pots
- Accessories that you simply click onto the wall bar and remove just as easily
- Easy assembly: either with screws or simply stuck to the wall, so that the bar can be removed later without leaving any residue

Multiple awards

With almost infinite combinations, your bathroom becomes as unique as you are

The tidier the space, the more relaxing it becomes. When all of your bathroom accessories have a home, the calming effect means you can focus purely on you.

WallStoris is the flexible storage system that creates this harmony. The principle is simple yet adaptable: a bar with modular accessories and an almost infinite number of possible combinations. Just decide on the bar length and set up the storage space according to your own needs.

Whether you choose shelves, racks, hooks or even baskets: you can put the modules together in up to 40,000 different ways.

Installation is simple –
just fix it to the wall

Where the secret ingredient is water

We know you want your kitchen to be full of happy memories, where you prepare food to be shared with family and friends. That's why we have dedicated our time and creativity to designing innovations to help you do that.

Highlights – for your kitchen

Aqittura M91 – for the perfect flow in life

With hansgrohe, you can choose from filtered, cool, mineralised or sparkling water, all available instantly. We have introduced the Aqittura M91 with two different tap designs – round and square – as well as a range of different functions.

A renewed focus on sustainability means many households are now choosing to reduce plastic wherever possible. Water that no longer needs to be packaged in bottles and transported to your home significantly reduces the CO₂ footprint. Even the CO₂ bottle of the Aqittura M91 is recyclable, further reducing your household's footprint.

Aquno Select M81 – find your flow while cooking

A good chef knows that it's the highest quality ingredients that make a perfect meal. We believe that begins with food preparation. That's why we have developed Aquno Select M81, for gentle food cleaning in your kitchen.

The unique design of the Aquno Select M81 kitchen tap means water flows in a new way. The flat SatinFlow stream gently cleans your food, doesn't splash and uses less water when you're washing your hands. Together with the tailor-made sieve, it perfects your kitchen workflow.

Multiple awards

Talis M54 - Where minimalism meets attention to detail

Make the perfect kitchen the hallmark of your home. Talis M54 is our flexible design solution for every kitchen shape. Fall in love with the slim tap body in chrome, stainless steel or matt black, and select the right fit for your kitchen - whether you have a large island or compact space with wall units. Its slim silhouette merges with the tap body, creating an eye-catching addition to your kitchen.

Multiple awards

Zesis M33 - for a balanced life

Zesis M33 kitchen taps are full of practical details. They can be swivelled and extended up to 76cm - this long pull-out hose is designed to suit the way you work. But that's not all: thanks to the additional spray, the Zesis M33 with pull-out spray removes dirt from your ingredients in a flash.

Innovations like sBox and ComfortZone create unrivalled efficiency in the kitchen

The innovative sBox keeps things neat around your sink. The hose slides smoothly and quietly back into the sBox, which is inconspicuously installed under the sink. Whether high, swivelling or extendable - with ComfortZone you have more freedom of movement.

You can find these and other kitchen products at [hansgrohe.com/kitchen](https://www.hansgrohe.com/kitchen)

Spray modes

Powder Rain
A unique shower experience thanks to the soft caress of micro droplets.

Intense Powder Rain
Intense jet of micro-fine droplets for sensual showering.

Rain
Full shower rain, ideal for washing hair.

Intense Rain
An intense jet of water that activates and wakes you up.

Turbo Rain
Intensive shower rain that refreshes and rejuvenates.

Rain Air
Gentle shower rain with air-enriched drops.

RainAir XL
Large jet envelops your whole body in soft droplets.

SoftRain
A soft water spray that caresses the body for that feel-good sensation.

Mono
Focussed jet for a soothing, feelgood shower.

Massage
A strong massage spray that invigorates and soothes aching muscles.

Whirl
Concentrated targeted massage spray.

Mix
The harmonious combination of gentle shower drops and dynamic spray.

Caresse Air
Boosts energy after a challenging day.

Balance Air
A harmonious combination of soft shower rain and a dynamic spray.

Normal
Full shower rain, ideal for washing hair.

Shampoo
An intense jet of water that activates and wakes you up.

RainFlow
Powerful flood jet for generous coverage.

Rain Stream
Generous flow of soft sprays.

Fur Spray
Full shower spray for rinsing off dirt and shampoo.

Leg Spray
For legs and sensitive areas.

Paw Spray
A soft spray, ideal for gently cleaning paws.

Laminar Spray
Crystal clear and economical, without added air. Ideal for quickly filling large containers, and preventing splashing.

Normal Spray
Ventilated jet thanks to AirPower technology. Fuller, lighter and softer droplets for a truly unique water spray.

Shower Spray
Economical and cleansing. Also perfect for fast spraying at the sink.

Satin Flow Spray
The soft, flat spray is splash-free, making it highly efficient at saving water.

Finishes

When specifying the surface, each order number (#) has 8 digits, for example 28500, -000 = chrome

-000

Technologies

Select
Simply regulates the water flow at the touch of a button: a convenient way to turn the shower on and off or switch between spray modes.

EcoSmart
Reduces the flow rate to save water and energy. For long-lasting pleasure.

AirPower
Combines water with a generous amount of air. For a soft, splashfree water spray and rich, full shower drops.

Quick Clean
Wipe limescale deposits away easily by rubbing your finger over the flexible silicone nubs.

Quick Clean
Easy and fast cleaning and maintenance of surfaces.

XXL Performance
Distributes the water over the large spray face enveloping the whole body in drops of wellbeing.

Adjustable Shower Head
With the adjustable shower head, the water jet can be adjusted individually.

Fast Drain
Fast drainage of shower to reduce the dripping time.

PushSlider
With just one hand, the shower holder can be freely adjusted in height at the touch of a button. For a safe and comfortable shower experience.

Water Flow Control
Easy water control: with the control dial the water flow can be adjusted easily.

Cool Contact
Cools through the controlled flow of cold water to stop the product getting hot. For even safer showering.

Rotatable Bath Spout
The bath spout can be neatly stored underneath the thermostat when not in use. A truly aesthetical solution for safety and mobility.

CoolStart
Cold water starts to flow when it is opened in the basic setting. You consume hot water only when you need it.

Comfort Zone
Defines the useable area between washstand and mixer. Something to suit every customer.

Pull-out Faucet
Highest flexibility by pull-out function.

Sensor Activation
Like many motion detectors, the sensor reacts to changes in infrared radiation. As soon as it detects the warmth of the hand, water will flow.

Comfort Zone
Defines the height, side clearance and - with the pull-out function - the length of the space around the mixer.

sBox Kitchen
The hose extends quietly and smoothly from the base cabinet by up to 76 cm.

Tilt Function
The kitchen tap can be quickly removed from its holder and lowered so you can easily open the window inwards.

Low Pressure
Low pressure fitting for cold water pipe with boiler/heat storage.

Glue or Screw Fix
Assembly possible both with included glue-kit and screws.

EasyClick
All accessories can be easily clicked onto the wall bar and removed from it.

Variable Installation Depth
Variable installation depth of finish set for an individual look.

Adjustable Frame Height
For flush integration into the adjacent area.

Water Damage Protection
Water damage protection via water proof basic set and preassembled sealing membrane.

In-floor Installation
In-floor installation as design highlight.

One-sided Installation
Wallbound installation for comfortable use of space.

Two-sided Installation
Installation adapted to the integration between two walls.

Three-sided Installation
Minimalistic installation against back and side walls.

Resizable Cover Length
Drain can be cut to length. For optimal adaptation to the installation surrounding.

High Drainage Capacity
High capacity drain.

Easy Clean Siphon
Comfortable cleaning of the siphon.

Water Boost
You can increase the amount of water in a targeted way when needed.

Aquademie & Showerworld The Water Studio

Get advice from the experts. In the stilwerk in Hamburg and in the Aquademie in Schiltach, our fittings, showers and installation technology are available to see in real life scenarios. Many of them are useable – like in the Showerworld in Schiltach, where the latest shower products can be tried out. More information can be found at
